

## Face to Face Speakers

While there are many written or audio-visual versions of stories available, there are times when some more direct contact is needed. Clearly refugees, people who have sought asylum, or those who work with them have the capacity to bring the reality to the fore in a powerful way. Below is a list of organisations which may be able to provide a speaker: clearly this is more feasible in major centres or rural areas where asylum seekers are settling.

- Asylum Seeker Resource Centre [www.asrc.org.au](http://www.asrc.org.au)
- Just Voices Speakers Program <https://jss.org.au/just-voices-speakers-program/>
- Asylum Seekers Centre Sydney <https://asylumseekerscentre.org.au/community-speakers-program>
